## The General Teaching Council for Scotland Guide to Information

31 May 2011

---

## 1 Introduction

The Freedom of Information (Scotland) Act 2002 (the Act) requires The General Teaching Council for Scotland (GTC Scotland) as a Scottish public authority to produce and maintain a publication scheme. GTC Scotland has adopted the [Scottish Information Commissioner's Model Publication Scheme 2011](#).

The purpose of this Guide to Information is to:

- ❖ help you see what information we make available about who we are, what we do and how we do it;
- ❖ state what charges may be applied when we provide a publication to you;
- ❖ explain how to find the information we publish easily;
- ❖ provide contact details for enquiries and to get help with accessing the information; and
- ❖ explain how to request information we hold that has not been published.

## 2 Availability and Formats

The information we publish through the model publication scheme is, where possible, available on our website. We offer alternative arrangements for people who do not want to, or cannot, access the information online. For example, we can usually arrange to send information out in paper copy (although there may be a charge for this).

## 3 Exempt information

We will publish the information we hold that falls within the classes of information detailed below. If a document contains information that is exempt under the Act and any related laws (for example, personal information), we will remove or redact the information before publication and explain why.

## 4 Copyright

Where GTC Scotland owns the copyright in its published information, the information may be reproduced by you provided that this is done fairly, non-commercially and GTC Scotland is acknowledged as the source where it is supplied to others. Where GTC Scotland does not own the copyright in any published information, this will be highlighted.

---

## 5 Charges

This section explains when we may make a charge for our publications and how any charge will be calculated. There is no charge to view information on our website.

We may charge for providing a publication to you to cover, for example, photocopying costs, the costs of any CD-Rom supplied and postage costs. We will charge you no more than it actually costs us to supply the information and will always tell you what the cost is before providing the information to you.

Our photocopying charge is shown below.

### **Black and white photocopying:**

A4 size of paper                      10 pence per sheet

### **Colour photocopying:**

A4 size of paper                      20 pence per sheet

Information provided on CD-Rom will be charged at 50 pence per computer disc.

Postage costs will be recharged at the rate we paid to send the information to you. Our charge is for sending information by Royal Mail First Class.

Please note that this charging schedule does not apply to any commercial publications that we may publish from time to time.

## 6 Contact us
